

COURTEOUS DRIVING

Driving Along

- 304 Adjust your speed to the speed of the traffic around you so as to not slow down traffic behind you.
- 305 It is courteous to yield the right-of-way to others when circumstances permit.
- 306 When the right-of-way is given to you, it is gracious to say thank you.

Signalling

- 307 Give appropriate signals early to allow others to act on them in time.
- 308 Cancel your signals when they are not in use so as to not confuse others.

Use Of Horn

- 309 Sound the horn only to warn other road users of dangers such as a likely collision.
- 310 Do not use the horn to express anger or frustration.
- 311 Do not use the horn to demand the right-of-way or bulldoze your way through crowded places.

Lane Discipline

- 312 Keep to the left of the road and leave the other lanes for other faster moving vehicles to pass safely.
- 313 Keep within your lane. It is inconsiderate to straddle lanes as this would obstruct other vehicles and may lead to traffic being held up.
- 314 Do not weave in and out of traffic lanes as it would cause confusion and danger to others.
- 315 Cutting into the path of other vehicles is discourteous and likely to cause an accident.

At Road Junctions

- 316 Move into the correct lane early at road junction to let others know your intended direction of travel.
- 317 When making right turns, position your vehicle properly so that it does not hinder oncoming vehicles.

In Traffic Queues

- 318 Stay in queue during traffic hold-ups. Do not jump queue. Jumping queue would aggravate the traffic jam.
- 319 Leave a gap at the junction to a side road in traffic queues to enable vehicles from the opposite direction to turn right as well as for vehicle from the side road to move out.

Overtaking

- 320 Overtake only when it is absolutely necessary.
- 321 Overtake only when you are sure that there are no other vehicles attempting to pass or overtake you.
- 322 Slow down and keep left when being overtaken to allow the overtaking vehicle to pass quickly.
- 323 Accelerating when others are trying to overtake you is unsafe and not gracious.
