

- 258 Keep between you and the large vehicle a greater following distance than you normally would with other vehicles. Your view of the road ahead will be blocked if you are too close to the large vehicle.

- 259 You will not be able to react in time should goods fall off a loaded vehicle if you are following it too closely.

- 260 Large vehicles may not be able to turn left without first moving to the right, or turn right without first moving to the left. As such, watch out when large vehicles are turning.

Do not try to pass them on the side which they intend to turn into.
