## TEST APPOINTMENT

- 290 To take the driving test you have to make an appointment for the test in advance. Upon payment of a test fee you will be given a receipt showing the time and date of your driving test and the centre where the test will be conducted. On the day of your test, hand the following to the person-in charge at the reception counter for driving tests:
- (a) Valid provisional driving licence;
  - (b) Valid insurance certificate of the vehicle to be used for the test;
  - (c) Valid final driving theory certificate;
  - (d) Receipt for the driving test fee.
- 291 You must also bring along your Identity Card for identification purposes. If you are a foreigner, you must produce your Passport. You cannot make an appointment for the test if you have accumulated 13 or more demerit points for traffic offences. Even though you have registered for the test, you will not be allowed to sit for it if you have 13 or more demerit points.

## THE PRACTICAL TEST

- 292 The driving test consists of two parts. The first part is a test of your driving skills and is conducted on a driving circuit. The second part is a test of your ability to interact safely with other road user and how you comply with and observe traffic rules and regulations; it is conducted on the roads.
- 293 During the test, the examiner will assess your driving performance with a Tablet PC or checklist. All possible driving errors are shown on the Tablet PC or checklist. If the learner commits any serious mistakes, he/she fails the test immediately. For less serious mistakes he/she will accumulate penalty points ranging from 2 to 10 for each mistake. A learner who accumulates penalty points in excess of a predetermined number of points fails the test. Whether or not you succeed in your driving test, the test report or checklist used for the test will be given to you at the end of the test so that you can learn from and correct your mistakes.
