

95 Second Analysis

96 Third Analysis

- 97 When bringing your vehicle to a smooth and safe stop from top gear (4th or 5th gear), you should do the following:
- (a) Look ahead for a safe place to stop;
 - (b) Check the rear-view mirror for traffic behind you;
 - (c) Signal your intention;
 - (d) Check your blind spot;
 - (e) When it is safe, pull over to the edge of the road;
 - (f) Adjust the pressure on the brake pedal so that it is greater during the initial stage and lighter as the vehicle approaches its destination.
